

**BATTLE IN SONORA BETWEEN RURALES AND BAND OF REBELS.** Nogales, Ariz., March 30.—Buenos Vista, on the international line, eight miles east of Nogales, was the scene of an encounter between a band of rurales and 25 Mexicans and Yaquis yesterday. One rural was wounded. The Mexicans, it was stated, were

trying to smuggle over arms and ammunition when surprised by the rurales. American cavalrymen left here at once for the scene.

## The "Squaw Man"

Tonight, Sunday Night, Crawford Theatre.

Because "The Squaw Man" had two open days, cancelled elsewhere because of the quarantine, the company will appear at the Crawford theatre tonight and Sunday night, presenting their great play at popular prices. The "Squaw Man" is one of the greatest plays ever written, and probably the best play of Western life in existence. It is full of the most dramatic situations, and the company presenting it is a most capable one. The production is in every way exactly the same as has been given the past two nights at the El Paso theatre, the only difference being that it may be seen now at prices of 15, 35 and 50 cents. This is the first time this new York company has ever presented "The Squaw Man" at popular prices, and the occasion affords local theatregoers an unusual opportunity.

### "MADAME SHERRY" TONIGHT

Tonight at the El Paso theatre, "Madame Sherry," generally admitted to be the greatest musical comedy of the season, will see its first presentation before an El Paso audience. The performance will be given again tomorrow, Sunday, afternoon and night, and tickets for both these performances are now on sale at the office of the Crawford theatre. There are still some good seats left, ranging in price from 50 cents to \$1.50 for the matinee and from 50 cents to \$2.00 for the night performance. Owing to the length of the show, the performance Sunday night will begin promptly at 8:15.

"Madame Sherry," instead of being a one star show, comes very near being a show with an all star cast, as the names of Marie Flynn, Flo Irwin and Oscar Figman readily indicate. "Madame Sherry" is one of the biggest and best shows that has been or will be in El Paso this season, and all who enjoy the best in musical comedies cannot afford to let this opportunity pass.

### JOHN SPARGO, AUTHOR AND LECTURER

Wednesday night at the El Paso theatre John Spargo, the well known author and lecturer, will speak on one of the many interesting subjects which he often discusses before the public. Mr. Spargo, though born of wealthy parents, through family reverses early learned the toils and privations which the poor endure, and all his life he has been the champion of the under dog. He is the author of a great many books, many of which are used as text books in schools of political economy, and today is regarded as the foremost authority on socialism in this country, if not in the world.

Mr. Spargo's lecture is the third number of the Redpath Lyceum Course, which is given under the auspices of the El Paso Women's Club, not as a money making scheme, but for the good that may result. Tickets will go on sale Tuesday morning at the International Book Store, where coupons from season tickets may be exchanged for reserved seats by paying 25 cents. General admission is 50 cents; reserved seats 75 cents.

## REBELS PURSUE AUBERT'S FEDERALS

(Continued from page 1.)

his men from the village of Atochilco and a force of a thousand men under Gen. Luis Fernandez is scouring the region south and west in the hope of locating him and his men. At headquarters little hope of finding them until they reappear and some other forces, probably that of Huerta, is entertained. The rebels lost 22 men taken prisoners. Seventy-five will cover their loss in killed. They probably carried off with them a number of wounded. The rebels appear to have lost less than half as many as the federals. Because the field of the fight at the beginning was more than three miles long and two miles wide, the search for dead and wounded has proceeded slowly.

Among the federals killed was Capt. Joaquin Pelaez, of the 19th cavalry. One lieutenant was killed, but there were two appear to be the only commissioned men lost.

**Correspondent Killed.**  
Benjamin Vazquez, correspondent of El Correo, a newspaper in Chihuahua, was killed just at the close of the battle. He attempted to enter an adobe house in which four federals had hidden, expecting to talk with them. They shot him. The soldiers were killed a few minutes later with dynamite bombs.

**Many Guns Captured.**  
The recent fighting has increased the rebel artillery to seven machine guns, four mortars, two 150 mm. and four heavy cannons. Three of the howitzers need repairing. All were captured from the federals.

### AMMUNITION FOR MEXICAN FEDERALS

Preparations Being Made Here to Ship Stuff to Troops at Marfa.

Mexican federal officials are making preparations to ship a quantity of arms, ammunition and ammunition belts to Marfa, for exportation to Ojinaga. They claim that they have been given permission from the United States government to export these munitions of war across the border for the force which Gen. Jose de la Cruz Sanchez is organizing at Ojinaga. The army officers here say they have been advised of no permission being granted for the transportation of the arms and ammunition across the border. It is believed that a part of the shipment will be the 300 ammunition belts and 500 rifle scabbards which were made by a local harness shop for an employee of the Mexican government.

Reports from Marfa tell of the receipt of instructions from Washington for the release of certain specific shipments of ammunition and arms at Presidio, Shafter and Marfa, which were sent from El Paso by the Mexican authorities for the use of Gen. Sanchez at Ojinaga. However, the instructions cover certain specific shipments which have already been made, according to the report from Marfa, and no provision was made for future shipments to that point.

The shipment of ammunition to be made to Gen. Sanchez at Ojinaga includes two Colt machine guns, two machine gun belt loading machines, eight boxes of ammunition for the machine guns, 1000 ammunition belts, 50,000 rounds of ammunition to fill these belts, 500 rifle scabbards and 500 half gaiter cantones. The Mexican officials claim they have permission from Washington to ship this shipment across the line to Ojinaga so that Sanchez may take the field in the north against Orozco.

It is also reported that a shipment of ammunition will be made to Hermosillo, N. M., and taken across at that point for the command of Pancho Villa, who is believed to be in that section.

### CHINAMAN IS KILLED AT CALEXICO BY A MEXICAN.

San Francisco, Cal., March 28.—The Chinese consul here received a message from Calexico this morning stating that a Chinese laborer had been shot yesterday by a Mexican soldier and died this morning of his wounds. Due Lee, a wealthy Chinese merchant, who signed the message, asks Li Wing Yon, the consul to investigate and take up the matter with the Chinese ambassador at Washington. If the facts are confirmed, China already has pledges of \$2,000,000 indemnity from Mexico from the massacre of Chinese at Torreón in the Madero revolution.

### AMERICANS, FLEEING FROM MEXICO, SAVE IN DENVER.

Denver, Colo., March 29.—Fleeing from the republic of Mexico, where they were exposed to imminent danger, Mr. and Mrs. Charles Allison, of 1442 High street, and Mrs. Olive Pass, sister of Mrs. Allison, have returned to Denver, wife and child.

They were told by the American consul at Tampico if they valued their lives to escape the city at once for American soil. They came direct from Tampico, the hotbed of the rebellion. "I was warned by the American consul to take the first train or boat leaving for the states," said Mr. Allison today. "He said that any minute an at-

### GEN. SALAS SHOT HIMSELF IN HEAD IN PRIVATE CAR.

Gen. Gonzales Salas, of the Mexican federal army, committed suicide in the private car of assistant engineer Ubrayn, of the Mexican Central, after his decisive defeat at Corralitos last Sunday. The details of the commander's suicide were brought to El Paso Saturday from Torreón.

Gen. Salas, humiliated because of the failure of his comprehensive plan of battle, sat and talked with the American engineer in his private car, which was on the sliding below Corralitos. The general was much depressed by his losses, especially by the loss of the 50 zapadores in the dynamite explosion. He stepped into a toilet room in the private car. Later he was found with a bullet hole through his head.

The private car in which he committed the act had been run up to Torreón with a track repairing crew to repair the line for the advance of the federalists north.

### SR. LORENTE SAYS FEDERALS ARE COMING NORTH AGAIN.

"Gen. Teller and his forces have left for the front and the forces of Gen. Huerta from Mexico City are preparing to follow Teller's troops," This is Mexican consul E. C. Lorente's report from Torreón, which he says came Friday night. No other advice have been received at the consulate, Mr. Lorente says.

### CAVALRYMEN LOOK FOR SMUGGLERS

A squad of cavalrymen from the fourth, in command of Capt. F. L. Case, came downtown Friday afternoon on a still hunt for supposed border runners taking ammunition across to Mexico for the rebels.

## CORONER'S JURY IN BLUNT CASE ANGRY

Calls Letter of the Governor an "Unwarranted Interference."

Springfield, Neb., March 30.—The members of the coroner's jury in the Blunt inquest today, in a signed statement, resent what they term the "interference" of governor Aldrich in a letter written yesterday to coroner Armstrong, which they declare was "evidently written with a view to influencing the jury."

"The members of the coroner's jury wish to resent the interference of the governor of Nebraska in sending a letter to the coroner and citizens of Springfield" indicating their inability to take and lack of intelligence in handling a matter of this serious character.

"We consider the aspersions contained in the governor's letter as a stain on the record of a peace loving, law observing community."
